

COMMUNICATIONS COMMITTEE.

All district committee officers have a "Rotary in London and the World" very portable pull-up display units. A number of clubs have their own such personalised units e.g. "Rotary in Putney and the World".

The district units were widely used at conference and IPDG Colin promoted the personalised versions as part of the Communications Committee stage presentation. The units provide an excellent backdrop for club photos that might be submitted for publication anywhere as well as informing the general public. They are principally intended for indoor use. The personalised message draws attention to both local and international Rotary activity.

Since conference several clubs have ordered personalised units.

If your club would like one of these units at a modest cost of £117.50 that includes VAT and carriage, please send the following information to:

IPDG Colin at colin@bryant174.freemove.co.uk

The supplier will deal directly with you and get your agreement to a proof, deliver to you and bill you.

Information Required:

Name and address of contact.

Email address of contact.

Name of area to be inserted e.g. "Rotary in TOWER HAMLETS and the World"

Date of any imminent event where you might like to use the display unit.

I look forward to hearing from many clubs in the coming weeks and months.

IPDG Colin Bryant.

27th October 2005.
