

WALLY K DALY

Community & Vocational Chairman reports =

The Community and Vocational Rally attended by twenty four District 1130 stalwarts produced the following simple fund raising thoughts.

Estate Agents will usually pay a small fee to have their boards in places arranged by your club (Committee members front gardens etc.) advertising your local charity function.

Quizzes with local clubs joining together. **Hanwell & Northfield** made £1000 plus for their Quiz night with **Barclays Bank** matching the final figure pound for pound and providing the questions. Why? Part of their community giving.

£1000 just by asking them. £2000 raised in all.

(More information **President Alan O'Neill**)

Golders Green's Quiz made £3000 and at the behest of Ré (of Battersea Park club) they will now make their questions available to any club for an agreed small charitable donation.

(Contact **David Graham**)

Heston & Isleworth club find **ferret races** not only good fun but a great fund raiser. (£2000 for last event) Live ferrets through tubes so you can first bet on them and then watch how they progress.

This along with their annual concert at **Richmond theatre** (Not to be missed) provides a great deal of charitable income.

(More detail **Colin Wade** Heston & Isleworth)

Plus - Writing on five pound notes (or ten) for raffles raises more money and precludes the need for raffle tickets.

Ditto putting notes in envelopes with name on the outside if you want to take part in the raffle or not if you just want to contribute to the cause.

Most of the above money was raised for the **RIBI Preferred Project** 2005 / 06 ComVoc charity of the year

Its still not too late to contribute!

Cheques made payable to *Rotary Charity Account (D1130)* and sent to **Wally K Daly**
