

## ROTARY CLUB OF GOLDERS GREEN

ROTARY INTERNATIONAL DISTRICT 1130 No. 1048

Rotarian Valerie Chodosh

District Community & Vocational Committee Member

16 Hasluck Gardens, New Barnet, Herts, EN5 1HT

Mobile 07767373448

January 2006

Dear Club President,

### Ongoing Defibrillator Project

I do hope you and all your members have had a good Season of Festivities, and both John Hickman (Barnet & East Barnet) and I wish you all a great Rotary 2006!

Wally K. Daly, (our man at 1130 Community & Vocational) asked John and I back in 2004, to bring to the attention of all clubs, the importance of Rotary participation Nationwide, in the location of Defibrillators in your area.

To this end, John and I visited many clubs with Terry Upperdine of "Lifesavers" to both explain and demonstrate the use of Defibrillators. The aim of all our letters and talks was to ask your members to help in the preparation of a Nationwide Register which would enable The British Heart Foundation to work in conjunction with 999 call centers to get help to patients before the arrival of an ambulance.

To date, the response has been poor, and John and I are asking you and your ComVoc committee to see if you can have another go at a project that could possibly save the life of someone in the street or even someone near and dear to you.

Get them to ask the question; *is there a defibrillator on the premises?*  
If so, just let John or myself know.

Please feel free to speak to either of us to update yourself on any questions you may like to ask, and let's hear from you with locations soon!

Yours in Rotary

PP Valerie Chodosh  
District Member – Community & Vocational

P.S. If your club has not already had the information talk by John and myself, please let us know and we will be happy to arrange a visit.
