

Group Study Exchange Incoming Team from District 3040 – Madhya Pradesh

One of the factors that makes GSE such a 'flagship programme' of Rotary Foundation is the opportunity for the development of international understanding through fellowship and vocational experiences.

Request for Hosts

What better example of true fellowship than offering to host a GSE Team member in your own home for 3 or 4 nights.

The normal obligation involves bed & breakfast, possibly an evening meal with the family (although evenings are often taken up with visits to Rotary Clubs), and possibly a limited amount of travel planning to ensure the Team gets together for each days events.

We are expecting the Team from India arrive in London on Saturday 15th April and depart on Saturday 13th May.

The incoming Team will 'circulate' around the District in a clockwise fashion and we are looking for volunteers for hosting associated to where Rotarians live (not necessarily where their Rotary Club is located).

April 15th to April 22nd – West / North-west

April 22nd to April 29th – North

Weekend break

April 30th to May 6th – East

May 6th to 13th May - South

PLEASE VOLUNTEER NOW!

Request for Vocational Links

The final make up of the GSE Team from India is now advised as:-

**University Lecturer Business Administration
University Lecturer Human Resources
Short Film Maker and Independent Journalist
