

DISTRICT 1130 INTERNATIONAL SERVICE COMMITTEE

JAVA EARTHQUAKE

My apologies for not dealing with this tragedy as I was away in Australia and have just returned.

RIBI Disaster Response Co-Ordinator, Iain Young, has been in contact with the Jakarta Central Club with a view to assist with reconstruction work focussing on water and sanitation. Matters are being discussed currently. District 1130 will accommodate receipt of donations, if Clubs wish to assist.

In the meantime, a large number of Shelter Boxes have already been despatched. There is a possibility of transferring Aquabox already in stock in Sumatra.

It goes without saying that the best immediate assistance is provided by Shelter Boxes and Aquaboxes. So please continue with these splendid projects. It is essential to have a large supply of these boxes at all times.

MOHAMED MANJRA

16th June 2006.
