Past Foundation Scholars in London available to speak at Clubs.

Date: 25 July 2006 11:20

There are currently some nine London based, active professional and business former Foundation Scholars, covering a wide range of interests available to be contacted via <http://rotaryinlondon.org>

(<http://rotaryinlondon.org>)

The links to find them are first - Foundation: then - Speakers Page: then - Past Foundation Scholars. There is a photo of each speaker, together with a brief synopsis of their past and current positions with an indication of their speaking topics.

They can be individually contacted by clicking on their Email link to propose dates for a Club visit. Clubs are encouraged to take advantage of these young and enthusiastic speakers in their Rotary meetings programmes.

Any positive feedback from Club visits would be welcomed by the District Foundation and Membership Services Chairmen.
