David Wharmby. A Paranormal Investigator (Ghost Hunter), Medium and Trance Medium has worked in this capacity all over the UK. As founder of one of the leading investigation groups around the UK he could offer a very interesting visually aided demonstration of this most interesting and equally questioning topic. He has been acknowledged for his work in television and has appeared on numerous programmes. The subject field in which he is involved is truly fascinating and as you may well agree, many people do at times go to see Mediums for personal readings, but he is able to bring this into one of your gatherings direct. If you feel this is something you might like to look further into please contact David direct on 08451 080892 or email: [davidwharmby at aol.com](mailto:davidwharmby@aol.com)

Message from Rtn. Cathy Simms, Pasadena Rotary Club (California)

My son is in High School and will be working at the Lloyds of London for two weeks in August this year near the Tower of London. I would like to know whether there is a Rotary family with whom he could stay while he is there. We will pay for his stay. I thought it would be nice to have him stay with a family. Email: [simmsie1 at pacbell.net](mailto:simmsie1@pacbell.net)

Message from Rtn. Thierry D'Arras, Saint Prix (Paris) Rotary Club.

Our second son, Paul will pass his "Baccalaureate" next year. He is a very serious boy and is studying well. Paul is a boy who loves reading, football, computer game, and music. His age is 17. For this reason, I would like to know if a club member would accept Paul for a couple of weeks during this summer in July or in August. An exchange would also be appreciated; we would be pleased if we could welcome in turn a young English student who would like to improve his French.
