

Dear Youth Activities Chairman

RYLA Course: May 21-May 25 2007

In response to a number of requests, I am sending out the attached details of the course for next year. This will assist members to engage in more meaningful discussions with company personal who might be interested in sponsoring a candidate onto the course.

At this stage the course is not written on tablets of stone and minor changes of detail may occur although this will not affect the main body of the course or of its aims. I am unable to provide names of tutors, however I can confirm that the course will be delivered by Gilwell staff who provide the staffing for the centres business courses.

I hope members will find this useful in discussion and if further information is required I would be pleased to try and provide it.

Derek Spurgeon
District RYLA Officer

Club Secretaries: Please pass this on to your club Youth Activities Chairman or Community Chairman.
